Good Points

Bad Points

This has to be the most wretched oily smell. I tell you it is something Mr. Clean would develop to get rid of anchovie smells in case the anchovies rotted in a hot cellar.

General Comments

Please. The thought of beautiful women putting Angel's wretched oil on is repugnant. The smell does not go away! My sister lent a leather jacket to her best friend for a trip to Europe. She wore Angel and the jacket had to be thrown away in the trash because of the stench. Angel is [perfume](#) mixed with petulie oil, which is a naseaus, pungent, overpowering stench! Perfume is "not supposed to enter the room before the lady and not to stay after she leaves." When my mother comes to visit with Angel on, I can follow the stench where she has been in the house. Please! Women! Perfume is supposed to be a subtle thing! Angel smell is stronger

Yes, the repugnant odour in Thierry Mugler Angel perfume IS from Patchouli oil!
It is nauseating.
