ANGEL

**The Fragrance : A new olfactive universe
A "new" Oriental - Gourmand"**

With Angel, Thierry Mugler was inspired to create a story with immediate impact, in the style of the truly great classics. In fact, breaking the rules of traditional olfactive territory.

The result is a fragrance which resembles no other. Original, memorable, and identifiable only as Angel. A perfect balance of three notes or facettes, each with its own distinctive personality, each evoking specific emotions...
