Material Safety Data Sheet
FIRST IMPRESSION JUNIPER SPLASH MICRO AEROSOL

Section 1. Chemical product and company identification
Trade name: FIRST IMPRESSION JUNIPER SPLASH MICRO AEROSOL
Product use: Air Freshener
Supplier: Ecolab Inc. Institutional Division
370 N. Wabasha Street
St. Paul, MN 55102
1-800-352-5326
Code: 903371
Date of issue: 25-February-2005
EMERGENCY HEALTH INFORMATION: 1-800-328-0026
Outside United States and Canada CALL 1-651-222-5352

Section 3. Hazards identification
Physical state: Liquid. (Aerosol.)
Emergency overview: Danger!

EXTREMELY FLAMMABLE LIQUID AND VAPOR.
VAPOR MAY CAUSE FLASH FIRE.
MAY CAUSE RESPIRATORY TRACT IRRITATION.
MAY CAUSE EYE IRRITATION. CONTENTS UNDER PRESSURE. Repeated or prolonged contact with irritants may cause dermatitis.
Avoid contact with eyes. Avoid breathing vapor or mist. Keep away from heat, sparks and flame. Keep container closed. Use only with adequate ventilation. Wash thoroughly after handling.

Potential acute health effects:
- Eyes: Slightly irritating to the eyes.
- Skin: Slightly irritating to the skin.
- Inhalation: High vapor concentrations can cause headaches, dizziness, drowsiness, and nausea, and may lead to unconsciousness.
- Ingestion: Harmful. Irritating to mouth, throat and stomach.
See toxicological information (section 11)

Section 4. First aid measures
Eye contact: In case of contact, immediately rinse with water. Get medical attention.
Skin contact: Wash with soap and water. Get medical attention.
Inhalation: If inhaled, move to fresh air.
Ingestion: Do NOT induce vomiting unless instructed by medical personnel. Give anything by mouth to an unconscious person immediately.

Section 5. Fire fighting measures
Flash point: 20 °C (Closed cup)
Fire fighting media and instructions: Dike area of fire to prevent product from entering water course. Highly flammable liquid and vapors. Avoid accumulation in low or confined areas. Use sand or foam. Do not use water. Use water spray for fire-fighters.
Special protective equipment for fire-fighters: Fire fighters should wear proper breathing apparatus (SCBA) with self-contained breathing apparatus (SCBA) with self-contained breathing apparatus.

Section 6. Accidental release measures
Personal precautions: Immediately contact emergency personnel. Do not touch or walk through spilled material.
Environmental precautions: Avoid dispersal of spilled material to sewers.
Methods for cleaning up: If emergency personnel are unable to isolate source, use inorganic container. For small quantities of spilled material, means to transfer material to a safer container.

Section 7. Handling and storage
Handling: Keep container closed. Store in a cool, dry, well-ventilated area. Wash thoroughly after handling.
Storage: Keep out of reach of children. Keep container in a cool, well-ventilated area. Do not store above 50 °C

Section 8. Exposure Controls, Personal Protection
Engineering controls: Provide exhaust ventilation or other means to reduce vapor exposure below the MAC.
Personal protection: No protective equipment is needed.
Eyes: No protective equipment is needed.
Hands: No protective equipment is needed.
Skin: No protective equipment is needed.
Section 9. Physical and chemical properties

Physical state: Liquid. (Aerosol)
Color: Colorless.
Odor: Fragrance like.
\[ pH = 0 \] (100%)
Specific gravity: 0.87 (Water = 1)

Section 10. Stability and reactivity
Stability: The product is stable.
Reactivity: Slightly reactive to reactive with organic materials, metals, acids, alkalis.

Section 11. Toxicological information

Potential acute health effects:
- Eyes: Slightly irritating to the eyes.
- Skin: Slightly irritating to the skin.
- Inhalation: High vapor concentrations can cause headaches, dizziness, drowsiness, and nausea, and may lead to unconsciousness.
- Ingestion: Harmful. Irritating to mouth, throat and stomach.
- Chronic effects on humans: Contains material which causes damage to the following organs: blood, the nervous system, the reproductive system, liver, mucous membranes, upper respiratory tract, skin, central nervous system (CNS), eye, ear, nose & throat.

Section 12. Ecological information
Products of degradation: These products are carbon oxides (CO, CO\(_2\)) and water.

Section 13. Disposal considerations
Waste disposal: The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any local authority requirements.
Waste classification: Unused product is D001 (ignitable).
Consult your local or regional authorities.

Section 14. Transport information
APPLIES ONLY DURING ROAD TRANSPORT
Any variation of the shipping description based on the packaging is not addressed.

Section 15. Regulatory information
HCS Classification: Extremely flammable. Irritating material. Target organ effects.
U.S. Federal regulations: SARA 302/304/311/312 extremely hazardous substances: None.
TSCA (b) Inventory: All materials are listed or exempt.
SARA 313: Product name - ethanol, 2-(2-ethoxyethoxy)-
Form R - 1 - 5
Reporting requirements: No products were found.
California prop. 65: No products were found.

Section 16. Other information
Hazardous Material Information System (U.S.A.):
- Health
- Fire hazard
- Reactivity
- Personal protection

Date of issue: 25-February-2005.
Responsible name: Regulatory Affairs
Date of previous issue: No Previous Validation.
