Material Safety Data Sheet

Section 1. Chemical product and company identification

Trade name: OASIS PRO 60 HEAVY DUTY ALKALINE BATHROOM CLEANER
Product use: Surface cleaner
Supplier: Ecolab Inc, Institutional Division
370 N. Wabasha Street
St. Paul, MN 55102
1-800-352-5326

Section 2. Composition, Information on Ingredients

<table>

Section 3. Hazards identification

Physical state: Liquid (Liquid)
Emergency overview: CAUTIONI

MAY CAUSE EYE AND SKIN IRRITATION.
Avoid contact with skin and clothing. Wash thoroughly after handling.

Potential acute health effects:

- Eyes: Moderately irritating to the eyes.
- Skin: Moderately irritating to the skin.
- Inhalation: No known significant effects or critical hazards.
- Ingestion: No known significant effects or critical hazards.

See toxicological information (section 11)

Section 4. First aid measures

Eye contact: In case of contact, immediately flush eyes with cool running water. Remove contact lenses and continue flushing with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

Skin contact: Wash with soap and water. Get medical attention if irritation occurs. Wash clothing before reuse.

Inhalation: If inhaled, remove to fresh air.

Ingestion: Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately.

Section 5. Fire fighting measures

Flash point: > 100°C

Fire fighting media and instructions: Use an extinguishing agent suitable for Class IIIF fires. Dike area of fire to prevent product entering drains and sewers.

Special protective equipment for fire-fighters: No specific hazard.

Section 6. Accidental release measures

Personal precautions: Ventilate area of leak or spill. Do not enter area until wearing appropriate personal protective equipment. Prevent entry into sewers.

Environmental precautions: Avoid dispersal of spilled material to waterways, surface waters, sewers, and groundwaters.

Methods for cleaning up: If emergency personnel are untrained, use absorbent (soil may be use up material and place in a sealed container and send diked spilled material or other reach a waterway. Place spilled material in a sealed container and send for proper disposal.

Section 7. Handling and storage

Handling: Do not ingest. Avoid contact with skin and clothing.
Storage: Keep out of the reach of children in a cool, well-ventilated area. Store between -10 and 50°C.

Section 8. Exposure Controls, Personal protection

Engineering controls: Provide exhaust ventilation or other means of removing vapors below theirIDL.

Personal protection:
- Eyes: Eye protection recommended.
- Hands: For prolonged or repeated handling.
- Skin: No protective equipment is needed.
- Respiratory: No protective equipment is needed.

Consult local authorities for acceptable exposure limits.

Section 9. Physical and chemical

Physical state: Liquid (Liquid)
Color: Pink (Dark)
Odor: Floral
pH: 10.75 (100%)
Specific gravity: 1.152 (Water = 1)
Dispersion properties: Easily dispersed in cold water, hot
Solubility: Easily soluble in cold water, hot...
